Student Leadership is...

Jesus is...

People think I am...

Praying...

Why...

What are your two greatest strengths you bring to leadership ministry?

What are your two greatest weaknesses you bring to leadership ministry?

Is there a specific area you wish to serve in or specific talents you wish to use to serve? (ex. music, singing, acting, computers, art, movie making/editing, speech, etc.)

How would you describe your faith?

Why do you want to be in the Student Leadership Group?

COVENANT

I commit to maintaining my faith through prayer, Bible Study and Christian Fellowship. Also I will spend time with God so I may know Him more and have Him living in me more. I commit myself to being an example of my faith and my role as a leader during SLG. Ministries at church, at youth events, at school, at work, at home and anywhere else I happen to be. I understand this also includes online and understand that my virtual life is a reflection of my real life. I will do this by refraining from all illegal activity, refraining from drugs, alcohol and tobacco, refraining from using profane or offensive language, refraining from a pre-marital sexual relationship and treating members of the opposite sex with respect, dressing appropriately wherever I am and by making careful selections with my choices for media and entertainment.

I commit myself to being an example, as a shining light for Jesus and as a leader among my peers and student ministry, wherever I may be. I will especially do these at all SLG. events by respecting authority and other students, keeping a good attitude and by acting in a manner that represents Christ in all things.

I commit myself to having Christ be the priority in my life by being a regular attendee at Senior High ministries and at worship services. I will be present at one half of all events and will encourage others to attend.

I commit myself to being honest with my youth director and other leaders, sharing if I am having problems with holding to these commitments or even sharing if there are other things weighing on my heart that I would like to discuss with them.
